

SERIOUS HEAD PROTECTION

HP6

INFO

Incorporating technology used in our state-of-the-art HP7 Advanced Helmets, the HP6, with its modern and aggressive design, has been developed for racers in closed-car environments, featuring a wide eyepoint for extended vision with an ultra-lightweight Advanced carbon shell. Its ventilation slots can be connected to various types of air intakes for external cooling systems. It can be fitted with optional ear-muffs providing optimal noise insulation, with fully integrated radio communication kit and hydration systems (available separately or in RD version).
